

Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 18 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and dry, with some brighter spells.

Today:
A cloudy day for most, but remaining dry with some bright spells, the best of these in the west and in the early afternoon. Feeling warm in any sunshine. Maximum temperature 14 deg C (57 deg F).

Tonight:
Low cloud moves into all areas through the evening, bringing some drizzle or light rain into eastern areas for a time. Drizzle possible elsewhere during the early hours. Breezy. Minimum temperature 6 deg C (43 deg F).

Friday:
Cloudy and damp on Friday morning, with patchy drizzle at times. Sunny spells move in from the southeast during the afternoon. Chilly overnight under any clear skies. Maximum temperature 11 deg C (52 deg F).

Outlook for Saturday to Monday:
Cloudy through this period, with only occasional brighter spells and light winds. A little light rain or drizzle at times, but mostly dry.
